## Statement of Purpose

### Introduction

My name is .....son of Mr .....and Mrs .....a permanent resident of .....bearing a Nepalese passport numbered..... Since childhood I have actively participated in extra-curricular activities and was always interested in sports. To meet my potentials and unlock my skills first I need to qualify myself by enrolling in the best college. So I am trying to pursue my education in Australian Colleges of Further Education that will help me to achieve my future endeavours in near future.

### Academic background

As far as my academic qualifications are concerned, I completed my SLC ( School Leaving Certificate) from Riviera International Academy in the year 2015 A.D. securing 80.88% with distinction under the board of Government of Nepal. As I finished my school, I decided to take diploma courses related with sports but there weren't any colleges that provided the courses of Certificate III in Fitness + Certificate IV in Fitness + Diploma of Sport and Recreation Management. I dropped the idea of sports management thinking I would take the course after the completion of my Higher Secondary level and joined Prime International Secondary School, a renowned college of management. I passed my higher secondary board in the year 2017 with 56.30% undertaken by the Nepal Examination Board (NEB). After the completion of my +2, I began searching for best colleges and institutions abroad which provides the listed course as I already knew there weren't any colleges in Nepal related with sports management. Thus, I decided to go abroad for study and found Australia to be the most suitable country for international students after USA and UK doing some research in internet. Following that, I took my IELTS (International English Language Testing System) examination and secured overall band score of 6.5 that was undertaken by the British Council.

Apart from my studies I am very passionate towards sports. When I was a child I use to imagine myself fulfilling my dreams and becoming what I always wanted me to be. And now I am

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

standing on a crossroad where I need to choose between my college and career. I think I have a goal of building my experiences and preparing my career. And now it's the perfect time for me to choose the course of my choice taking my career hand in hand.

## Achievements till now

I was involved in many fitness and sports based programs and also trained myself in various work-shops during my high school level. I have participated in many extra co-curricular activities like poem, drama, basketball and football competitions. I have learned a lot about fitness trainings sports protection and management. As I am a students of management, I have played a role in man-aging, many kind of sports and events. I have even participated in most of the sport events that took place during my high school journey. Some of them includes Volleyball and Basketball Com-petitions held in Riviera International School in the year 2014. I was awarded a certificate for se-curing 1st Position in Futsal match organize by Prime College in the year 2017 and so on.

## Reason for choosing Australia

For my further study, I have chosen Australia. I have always believed in myself. My strong belief is that greater things can be achieved through perseverance. Australia has eight of the top 100 univer-sities in the world. Nevertheless, since many years, universities/ colleges of Australia have been achieving the high rank over worldwide circumstances. It has always been a land of quality educa-tion bringing out the best of one's academic and more importantly practical capabilities which helps us to interact with real scenarios. Institutions in Australia offer wide variety of courses and degrees, so international students can easily find the school and field that are rights for them.

"Australia's sporting history is marked by great successes, great stories and truly great moments. Sport speaks a universal language in this country – we are a nation of players and enthusiasts." –Kevin Rudd, January 2008

This saying is true. Sports is an important part of Australian culture dating back to the early

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

colonial period. Cricket, Australian Rules football, Rugby League, Rugby Union, Association football and Horse racing are among the earliest organized sports in Australia. Sport has shaped the Australian national identity through the events such as Ashes, the Melbourne Cup and the America's Cup were held in Australia. Inspired by many sportspeople and sports persons like Rikki Pointing and Rod Laver, Kyrie Irving and various other personalities who have taken the sports to next level. They are very influential persons and inspired me to do something in the sports field. So I choose Australia for my study destination.

Other factors include:

1. Australia has low crime rates compared to other countries.
2. Australia, is a country with diverse culture and safer environment and ranks as third most sought destination for international students with its universities consistently ranked among the top universities in the world.
3. Australia has a nationally accredited system for their vocational studies framework and gives strong confidence to its qualities.
4. Australia provides dynamic and progressive education program with a reputation for excellence, globally recognized course and qualification.
5. Australia provides unique kind of education and learning style that encourages innovative, creative and independent thinking culture.
6. More importantly Australia is world renowned to be practical with primary focus on employment, which exactly fits my expectations. Graduates from Australia are very successful in finding jobs and holding prominent position in my country.
7. Australia also practices ESOS Act (Education Service for Overseas Students) for international students which governs fundamental rights of international students and enables our rights to receive accurate information before enrollment, current courses fees, mode of study and other relevant information about institution.
8. CRICOS (Commonwealth Registration of Institutions and Course for Overseas Students) is also an important factor of Australian Education System which ensures quality education to international students.
9. TPS (Tuition Protection Service) and gun control system are other attractions of Australia.

lia.

10. Sports education is highly prioritized in this country and Nepali language is the third most language spoken in Australia.

Reason for not choosing Nepal

Sports Management is the subject with great scope nowadays especially in third world countries like Nepal. Going through popularity, the most popular sports in Nepal is football followed by cricket which is in the same alignment with the globe. Our sporting history has been linked from times of the Malla dynasty. From that time to the current Nepal, sports is still just a way of entertainment. Since few years football and Cricket is getting recognized as a career path. Players are taking sports for future career paths and the process is going rapidly which means Nepal needs more sportsmen and sports related person in the upcoming days. Unfortunately, there aren't such colleges that provides sports and fitness courses. So everyone who takes interest in sports education are applying abroad to increase their profile status and for the betterment of future.

Choosing a different country for studies rather than my own nation is the first big decision in this 21st century. My country is my pride no matter what but unfortunately my country is still struggling through political, economic as well as social instabilities. These instabilities is affecting the nation's people specially a student like me who have bigger dreams and careers to fulfill.

The frequent strikes and demonstrations leads to shut down of business and market affecting most-ly the academic sectors like schools and colleges which is the prime reason for the incompleteness of syllabus and courses.

Another reason is the curriculum of the nation which narrowed down to theories rather than practical. Almost all the countries except some Asian countries like Nepal and India have modified their educational version from traditional rote method to modern and practical based theories but my nation is still dwelling into the same traditional method every year

which won't change for next ten years.

Reason for choosing the education provider (Australian Colleges of Further Education) Australian Colleges of Further Education (ACFE) is a Registered Training Organisation (RTO) and has Australian government approval, through Australian Skills Quality Authority (ASQA) RTO ID 31717 and the Commonwealth Register of Institutions and Courses for Overseas Students (CRI-COS) Provider Code 03327G. ACFE delivers Certificate, Diploma and Advanced Diploma level qualifications for domestic and international students.

ACFE delivers its qualifications under 6 trading specialisation RTOs:

- 1) AIEL(Australian Institute of English Language)
- 2) AIVTE ( Australian Institute of Vocational and Technical Education)
- 3) Australian Healthcare College
- 4) ASA (Australian Sports Academy)
- 5) Australian Football College
- 6) TVET College of Australia

I will be study at ASA (Australian Sports Academy):

Australian Sports Academy is a Registered Training Organisation (RTO). ASA is an approved ac-credited training provider (RTO ID: 31717) under the Australian Skills Quality Authority (AS-QA).ASA offers nationally recognised training courses in the Sport, Recreation and Fitness industry that in due course lead to internationally recognised qualifications. ASA's compliance with the Vo-cational Training and Education Qualify Framework guidelines make it possible to serve those who are established Sport, Recreation and Fitness industry specialists seeking to have their existing skills recognised through formal qualifications, as well as those who may be new entrants to the industry who are seeking a new career.

ASA is the place "Where athletes learn to become professionals" and is at the forefront of the Sport, Recreation and Fitness education industry. ASA offers qualifications from Certificate III up to Diploma level. ASA is the first official Australian Sport, Recreation and Fitness education insti-tute that continues to introduce innovations to meet the demands of a growing mar- ket.Australian Sports Academy boasts a team of highly qualified and experienced trainers and

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

assessors who are committed to providing dynamic high quality learning experiences and networking opportunities.

ASA began on Australia's fabulous Gold Coast, Queensland. The Gold Coast is blessed with a comfortable climate throughout the year and has access to many sporting and recreational facilities enabling us to deliver our qualifications using world class facilities at the "Sports Super Centre", Runaway Bay, Gold Coast, Queensland.

## WHY CHOOSE Australian Sports Academy (ASA)?

- Australian Sports Academy are specialists in the field of Sport, Recreation and Fitness education and training

- Australian Sports Academy offer the best combination of learning and practical experience, providing student with well rounded qualifications
- Australian Sports Academy offer flexible starting points and packaged programs to

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

meet the students specific needs and time constraints

On my few research about Australian Colleges especially that provides the courses of Fitness Pro-gram like Certificate III in Fitness + Certificate IV in Fitness + Diploma of Sport and Recreation Management I found Australian Sports Academy (ASA) the best among colleges like Australian College of Sports and Fitness, ACPE and Academia Australasia. These colleges also provides sports and fitness courses but not exact courses that I want to pursue. ACPE provides associate de-grees in fitness whereas Academies Australasia provides the courses like Certificate III and IV in fitness but not the Diploma of Sports and Recreation Management. The duration of the course is also the reason for making Australian College of Sports and Fitness more attractive.

Marketing the sport and recreation organization

Human resources management

Advanced Personal Training

Business Planning

Injury prevention

The college offers a range of professional qualifications too and study pathways is also available to extend knowledge and career options with several study plans to suit the interests of students. Also a student can combine sport management subjects with practical fitness classes.

Reason for choosing this course (Certificate III in Fitness + Certificate IV in Sport and Recreation + Diploma of Sport and Recreation Management)

Certificate III in Fitness:

This qualification reflects the role of instructors who perform a range of activities and functions within the fitness industry. Depending on the specialisation chosen, this qualification provides a pathway to work as an instructor providing exercise instruction for group, aqua or gym programs.

Course Fees

\$AU 10,250 (includes a \$250 non-refundable application fee)

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

## Course Duration

Training will be delivered 2.5 days per week for 20 hours over a period of 52 weeks.

## Course Outline (Units of Competency)

Total number of units = 16

- 9 core units
- 7 elective units

## Certificate IV in Sport and Recreation:

This qualification reflects the role of individuals who work in the sport and recreation industry in an administrative or organisational capacity. These individuals are able to plan, conduct and evaluate activities of others, deal with unpredictable and non-routine situations and provide leadership and guidance to staff.

## Course Fees

\$AU 15,250 (includes a \$250 non-refundable application fee)

## Course Duration

Training will be delivered 2.5 days per week for 20 hours over a period of 52 weeks.

## Course Outline (Units of Competency)

Total number of units = 17

- 10 core units
- 7 elective units

## Diploma of Sport and Recreation Management

Total number of units = 20

- 13 core units
- 7 elective units

The sports management is a competitive (of course), but thriving industry that has been developing a lot in recent years. Along with the sports business becoming so present in the media and with the expansion of online games and betting, an increasing number of students is highly interested in developing a career in this field. Anyone who is sports fan and believes in developing a business mindset, a Bachelor's degree in Sports Management could be a winning ticket to a wonderful and prosperous career.

I intend to do Certificate III & IV in sports and recreation management because this course will help me to develop my skills and activities associated with fitness and sports events. This will also help me in developing coaching programs related with fitness and sports developing sports philosophies, and examine theoretical aspects of science of coaching and sports id used as a vital tool for development. The Diploma of Sports Management offers a range of subjects to equip students with the necessary knowledge to work with sporting teams, clubs, players and organizations.

The Diploma of Sports and Recreation Management will teach me the core skills to enhance my career prospects and to upgrade the qualifications. This Diploma program will teach me an understanding of sport and athlete development, how to produce sporting information and media content, and gain skills such as managing teams, leadership, communicating in groups, conflict resolution, problem solving, rational and critical thinking, and managing finances. Successful completion of the Diploma of Sports and Recreation Management will provide a pathway to undergraduate degrees, including the Bachelor of Sports Management, or position to seek employment in sports, event or player management, or sporting, recreational clubs and professional organizations.

Through this course I will be able to learn this fundamental assets that will help me in my career goals including these principles:

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

- Hold paramount the welfare of the individual
- Perform service only in areas of competence
- Issue public statements in a truthful and objective manner
- Act with high standards of personal conduct
- Remain proficient in professional practice and the performance of professional duties
- Maintain professional integrity

After completion of these course I will be eligible to enroll in three years Bachelor's degree in Sports Management. Bachelor's degrees in Sports Management prepare students for becoming ex-perts in branding, public relations, or even managing big sportswear companies like Nike or Adidas which is fruitful for me. Listed below are the reputed jobs associated with these courses.

## Job Opportunities

- Competition Manager
- Executive Officer
- Facility Manager
- Program Manager
- Centre Manager
- Assistant Centre Manager
- Volunteer Coordinator
- Sports Program Officer
- Operations Officer
- Sports Manager

Among these I want to become a Sports Manager who handle the basic organization and scheduling of the clients. Both individual athletes and entire organizations hire sports managers to see that eve-rything off the field goes smoothly. To become a sports manager it's helpful to have a bachelor's degree, a related internship, or experience within the sport. So, the foremost duty of mine is to complete the bachelor degree. Therefore, I want to pursue these

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

three courses for the betterment of my future.

## Finance and Future Plans

Regarding my finance, all my expense will be sponsored by my parents. They believe that it is their responsibility to look after my education. They are well aware of my expenses for entire course and they are financially secure to sponsor me. My motivation to come back to Nepal is my parents. Since they have dedicated their life for me now it is my responsibility to look after them as I come back. I am greatly motivated and ambitious in pursuing my degree in Australia to improve my efficiency. My stay in Australia is temporary. I have planned to study in Australia only to develop my career through better educational matters along with gaining international experience.

In my view sport is the only genuine field where hard work is paid off. There are no such fields that does its work without the support of modern technologies and equipment. Nowadays, less number of manpower is needed because everything is run through Information technologies and computing system as a result every person has become dependable and boring like robots whereas sport make every people fit and jolly and the sportsmen can show their talents and stamina without the help of computers or any new technologies. The hard work and physical fitness with fresh mind is all they need to become a successful sportsperson. For me this is the best thing I could ever ask for myself and my destiny. After returning to my home with accredited degree I will be able to work as a Sports Manager with various national teams or even for single clients (Sportsperson). There is greater scope in Sports in context of Nepal as the rise of cricket and football teams are getting international recognition around the world and national team always need a good sports manager who will be able to handle the responsibilities from training the team to making them the winners in national and international levels.

For instance, there are many remarkable Nepali players like Sandeep Lamichhane, a renowned cricket player who have set proud moments for Nepal and Nepalese playing many matches in international level such as IPL (Dare Devils Team) ICC World Cup, and T20s series.

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

Yet another re-markable player from football Rohit Chand one of the highest paid footballer, who belongs to Nepali national team has also set his target by playing for Liga-1 Club Persija, Jakarta (Indonesian Club) and also linked with famous international clubs like Arsenal, Tottenham and Lille. There are more rising stars like them Bimal Gharti Magar, Jumanu Rai, who have inspired me to work hard without expecting more when it comes to your passion. Nepal's football and cricket team is on move so for the upcoming sportsmen a good manager always holds prior in their daily schedule who can coach and manage every single day with ease for the progression of the team leading them to touch the peak.

Also Sports managers are hired at a variety of venues including academic institutions, amateur and professional leagues, sporting goods companies, and even sports marketing firms. I will get a minimum salary of 65,000 to 75,000 NPR as a starter. After getting 5 years of experience I will be able to earn good amount of salary with name and fame. Also I would like to see myself as an International Sports Manager once in a lifetime. For this I will work very hard and try to build my career with my sweat and blood and will be ready to face everyday challenges that comes my way.

Moreover, being the only son of the family, I will come back to bear the proper responsibilities of my family. Similarly, I cannot live without my sweet family for a long period. Additionally, with my dream, aim and passion, for me the happiness of my parents is very important, as they had done a great contribution for me right from the birth. They have always supported and encouraged me and make sure that there are no stones left unturned for my career. This is an unremarkable contribution for me. I can't pay for it but I can care and love in their old ages being on their side. Today I place where I am is due to my parents. After all with this motto on me, with completion of my degree and some experience, I will return back to my country.

Conclusion:

I believe that I have met all my requirements for pursuing my course study in Australia. I hereby proclaim that all the information I provided are genuine to my knowledge. The only purpose I have is to achieve a quality education and get an International degree from recog-

# GLOBAL EDUCATION & MIGRATION SERVICES

PH: +977 01 4423119

nized college/universities in Australia for certain period of time and return back to own country. I will abide by the prevailing rules and regulation of international students during my stay there So, I humbly request Australian High Commission to approve my application for a student visa and give me chance to acquire a quality education in Australia so I could give a contribution in certain sector to my country.

Also I am well aware of the Visa (subclass 500) condition that I have to follow during my stay in Australia like;

- 1: Maintaining 80% of attendance
- 2: Work permit of 40 hrs per fortnight
- 3: Clearance of 50% of subjects in each term
- 4: Attending the enrolled University for at least 6 months
- 5: Maintaining the Health Insurance during my entire stay
- 6: Informing the University/DIBP within 7 days if I change the address or contact details

I assure the Australian Government that I will stay within the condition of Visa (subclass 500) during my stay in Australia and perform no such activity that is against the Visa (subclass 500) condition.

Sincerely,

.....
